

# ISC312 International Business

## Introduction

# Today's Agenda

- Course syllabus
- Course contacts
- Course objectives
- Course structure & schedule
- Learning resources
- Assessment and grading
- What is International Business (IB)
- Globalization and IB

# Course Syllabus

- Read it carefully. It will answer your basic questions about the course.
- It also contains critical information about the assessment tasks.

# Course Contacts

## – Professor Contact:

- **Prof. Lin CUI**
- [lincui@korea.ac.kr](mailto:lincui@korea.ac.kr)
- Include “ISC312” in the email subject
- Emails will be responded within 24 hours Mon-Fri
- Consultation time: by email appointment

## – TA Contact:

- See announcement on LMS
- Include “ISC312” in the email subject

# Course Objectives

- Identify the main dimensions of the **IB environment**
- Analyse **institutional factors and configurations** supporting cross-border trade and investment
- Understand the nature of the **multinational firm** as a governance structure for the conduct of cross-border trade and investment
- Analyse the key decisions that multinational firms make in relation to **foreign market entry strategies**
- **Research** international business issues and apply theoretical insights to the analysis of such issues in the context of a complex international business environment

# Course Structure

- Delivery: pre-recorded lecture videos + in-person classes
- Self-study: (1) reading (2) participation (3) exam preparation
- Group-study: (1) group presentation

## EBM (evidence-based management)

*-- From information to knowledge --*

1. Story
2. Facts
3. Data
4. Evidence

*The human agents:*

*Journalists and Researchers*

# Course Schedule

| Week/Date | Topic                                      | Textbook chapter* | Lecture video         | Lecture slides           | In-class discussion |
|-----------|--------------------------------------------|-------------------|-----------------------|--------------------------|---------------------|
| Week 1    |                                            |                   |                       |                          |                     |
| June 29   | Session 1: Introduction                    | 1                 |                       | <a href="#">Download</a> |                     |
| June 30   | Session 2: Cultural environment            | 4&17              | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q1       |
| July 1    | Session 3: Economic environment            | 3&9               | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q2       |
| July 2    | Session 4: Political environment           | 2&7               | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q3       |
| Week 2    |                                            |                   |                       |                          |                     |
| July 6    | Session 5: International financial markets | 10&11             | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q4       |
| July 7    | Group presentation 1a & 1b                 |                   |                       |                          |                     |
| July 8    | Group presentation 2a & 2b                 |                   |                       |                          |                     |
| July 9    | Mid Exam (online)                          |                   |                       |                          |                     |
| Week 3    |                                            |                   |                       |                          |                     |
| July 13   | Session 6: Trade theory and practice       | 6&14              | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q5       |
| July 14   | Session 7: Foreign market entry mode       | 8&12&13           | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q6       |
| July 15   | Session 8: Ethics in IB                    | 5                 | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q7       |
| July 16   | Session 9: Global supply chain             | 15&16             | <a href="#">Watch</a> | <a href="#">Download</a> | Discussion Q8       |
| Week 4    |                                            |                   |                       |                          |                     |
| July 20   | Group presentation 3a & 3b                 |                   |                       |                          |                     |
| July 21   | Group presentation 4a & 4b                 |                   |                       |                          |                     |
| July 22   | Final Exam (online)                        |                   |                       |                          |                     |
| July 23   | Student consultation (optional)            |                   |                       |                          |                     |

# Learning Resources

- *Global Business Today*, by Hill et al.  
[Self-purchase]
- Lecture slides & videos  
[[use this link](#) (you need a Google account)]
- Discussion Qs  
[on course website]
- Group presentation materials  
[on course website]

# Textbook

*Global Business Today* (ISE 12e)

**Print ISBN: 9781266103148**

**eBook ISBN: 9781264363728**

## **PART ONE Introduction and Overview**

Chapter One Globalization

## **PART TWO National Differences**

Chapter Two National Differences in Political, Economic, and Legal Systems

Chapter Three National Differences in Economic Development

Chapter Four Differences in Culture

Chapter Five Ethics, Corporate Social Responsibility, and Sustainability

## **PART THREE The Global Trade and Investment Environment**

Chapter Six International Trade Theory

Chapter Seven Government Policy and International Trade

Chapter Eight Foreign Direct Investment

Chapter Nine Regional Economic Integration

## **PART FOUR The Global Monetary System**

Chapter Ten The Foreign Exchange Market

Chapter Eleven The International Monetary System

## **PART FIVE The Strategy of International Business**

Chapter Twelve The Strategy of International Business

Chapter Thirteen Entering Developed and Emerging Markets

## **PART SIX International Business Functions**

Chapter Fourteen Exporting, Importing, and Countertrade

Chapter Fifteen Global Production and Supply Chain Management

Chapter Sixteen Global Marketing and Business Analytics

Chapter Seventeen Global Human Resource Management

# Assessment

| Task                 | Weighting (%) |
|----------------------|---------------|
| Attendance           | 10            |
| Discussion questions | 10            |
| Group presentation   | 20            |
| Mid-term exam        | 30            |
| Final exam           | 30            |
| Total                | 100           |

***See course syllabus for due dates  
and task instructions***

# What is International Business (IB)?

- Business transactions between parties from more than one country:
  - **Cross-border transaction**: buying/selling goods and services internationally
  - **Cross-border operation**: operating plants/offices in other countries to take advantage of local resources
  - **Cross-border financing**: borrowing money or raising capital from foreign locations
- How different from domestic business?

# International vs. Domestic Operations

- When operating abroad companies may have to adjust their usual methods of carrying out business
- Key issues
  - countries are different (within vs between)
  - The rules are different: institutions, culture
  - The tools are different: currency conversion

# Multinational Corporations (MNCs)

- Operations in more than one country
- International sales
- Nationality mix of managers and owners

# Core Elements

Political & Legal  
Elements

Economic and  
Financial Elements

**MNC**

- Foreign market entry
- Global supply chains

Social & Cultural  
Elements

Technological &  
Environmental  
Elements

# Study Environment

# Study Strategy

知己知彼，  
百战不殆。

- Who am I (what do I have)?
- Where/what do I want to be?
- How do I get there?

# Globalization and IB

- Changing mindset
  - Worldview 1.0
  - Worldview 2.0
  - Worldview 3.0
- The role of globalization
  - What globalization is not?
  - What globalization is?
- Two trends
  - Globalization
  - Anti-globalization

# Three big challenges

- A problem we know we know

## ***Nuclear War***

- A problem we know we don't know

## ***Climate Change***

- A problem we don't know we don't know

## ***Technological Disruption***

- Three challenges: <https://www.ynharari.com/>

# Rugman & Verbeke (2004): “only 9 of the top 500 are global”!

|   | 500 rank | Company                   | Region        | Revenues (US\$bn) | F/T sales | Percentage intra-regional | North America percentage of total sales | Europe percentage of total sales | Asia-Pacific percentage of total sales |
|---|----------|---------------------------|---------------|-------------------|-----------|---------------------------|-----------------------------------------|----------------------------------|----------------------------------------|
| 1 | 19       | Intl. Business Machines   | North America | 85.9              | 64.8      | 43.5                      | 43.5 <sup>a</sup>                       | 28.0 <sup>b</sup>                | 20.0                                   |
| 2 | 37       | Sony                      | Asia-Pacific  | 60.6              | 67.2      | 32.8                      | 29.8 <sup>c</sup>                       | 20.2                             | 32.8 <sup>d</sup>                      |

## Table 3 Classification of the World's Largest Firms – Fortune Global 500 List in 2017

From: Regional and global strategies of MNEs: Revisiting Rugman & Verbeke (2004)

| Geographic orientation | Number of MNEs | % of 365 firms |
|------------------------|----------------|----------------|
| Global                 | 36             | 9.3            |
| Home-regional          | 286            | 74.1           |
| Bi-regional            | 39             | 10.1           |
| Host-regional          | 25             | 6.5            |
| No/Insufficient data   | 114            |                |
| Total                  | 500            | 100            |

Source: Authors' calculations

# Is an Interdependent Global Economy a Good Thing?

- Pro argument?

- Creates employment, reduces consumer prices

- Anti argument?

- Destroys jobs in developed countries
- Exploits labour in LDCs with weak labour laws
- Causes environmental destruction in LDCs with weak environmental protection laws
- Loss of national sovereignty to undemocratic international organisations (e.g. WTO)
- Increases income gap between world's rich and poor nations

# The Globalisation of Crises

- Economic crises are going supernatural, e.g.:
  - Asian financial crisis
  - Global financial crisis (GFC)
  - European sovereign debt crisis
- Interdependence and connectedness increase the risk of contagion
- How do we fight contagion?
  - Social distancing?
  - Herd immunity?
